

KRISTIN A. ROYNESDAL, MS

FREELANCE MEDICAL EDITOR

ABOUT

As a professional editor, I help biomedical authors communicate their science clearly from proposal to publication.

WORK EXPERIENCE

- **Owner, Medical Writer-Editor**
KLARITAS Media (2014–present)
- **Clinical Research Coordinator**
Brigham and Women's Hospital (2013)
- **Clinical Research Assistant**
Harvard School of Public Health (2013)
- **Graduate Research Assistant**
Tufts University (2010–2013)
- **SAT Prep Tutor**
Independent Contracting (2009–2013)
- **Veterinary Technician** (1000 hours)
- **Animal Research Assistant**
Davidson College (2005–2009)

EDUCATION

- **American Medical Writers Association**
Essential Skills Certificate (2016–2018)
- **Tufts University** (2010–2014) | Boston, MA
M.S., Biochemical & Molecular Nutrition
Concentration: Health Communications
- **Davidson College** (2005–2009) | Davidson, NC
B.S., Biology | Minor: Chemistry
Senior Project: Feline Hepatic Lipidosis

SKILLS

Copyediting:

11 β -Hydroxylase Deficiency
Cisplatin-Induced Ototoxicity
Drug-Coated Balloon Angioplasty
Hepatocellular Carcinoma
Metabolism of Aromatase Inhibitors
MMP-9 Expression & Gastric Cancer
Novel Inhibitor of Hepatitis C Virus
Postural Tachycardia Syndrome

Writing:

Meningococcal Vaccine Development
Health Behavior Change Models
Oral Glutamine During Chemotherapy
Equine Exertional Rhabdomyolysis

Public Speaking:

Nutraceutical Use of Cancer Patients
Biomarkers of Inflammation
Postprandial Effects of Spiced Meals

PREVIOUS WORK WITH

- **American Journal Experts**
- **Amnesty International**
- **Bioscience Writers**
- **Brigham and Women's Hospital**
- **ChildObesity 180**
- **Harvard School of Public Health**
- **Tufts School of Medicine**
- **U.S. Dept. of Agriculture (USDA)**

JOURNALS

Manuscripts I edited were accepted into the following journals:

- **Anesthesia & Analgesia**
- **Annals of Surgery**
- **Cardiovascular & Interventional Radiology**
- **Cell Death & Disease**
- **Clinical Rheumatology**
- **Diabetes, Obesity, & Metabolism**
- **Digestive Diseases & Sciences**
- **Gastrointestinal Endoscopy**
- **Hormone & Metabolic Research**
- **Journal of Clinical Psychology**
- **Kidney Blood Pressure Research**
- **Pediatric Cardiology**

2018 PROJECT LIST

Below is a sample of the manuscripts I edited in 2018:

Cardiology

Cardiovascular protective effect of SGLT2 inhibitors
Contrast-induced nephropathy after coronary angiography
Cost analysis of cardiac troponin testing
Deep vein thrombosis in surgical patients
Histone acetyltransferase inhibitor & aortic valve calcification
Neointimal pattern after drug-coated balloon angioplasty

Endocrinology/Metabolism

Diet education and glycemic regulation in diabetes
Genetic analysis of families with congenital hypothyroidism
Myeloid sirtuin 1 deficiency and neurogranin
SGLT2 vs. DPP4 inhibitors in patients with type 2 diabetes

Gastroenterology/Hepatology

Gastric vs. postpyloric nutrition in elderly patients
Hypervascular hepatocellular carcinoma
Hypokalemia and capsule endoscopy retention rates

Neonatal & Pediatric Medicine

Genetic analysis in children with distal renal tubular acidosis
Mirabegron for treating neurogenic bladder in spina bifida
Neurally adjusted ventilatory assist mode in preterm infants

Oncology

Adenoid cystic carcinoma of the trachea and main bronchus
Alpha-lipoic acid on cisplatin-induced ototoxicity
Recurrence of acute myeloid leukemia by cytological detection

SERVICES

Scientific Editing

- Substantive Editing
- English Language Editing
- Copyediting

Medical Writing

- Literature Reviews
- Needs Assessments
- Patient Education
- Consumer Health

Media Consulting

- Public Speaking Training
- Social Media Strategy
- Public Relations Training

TESTIMONIALS

"Kristin greatly improved the manuscript and helped me improve my writing. I highly recommend [her]."
— **Medical Microbiologist, University of Nuevo León, Mexico**

"Kristin, you are my hero!"
— **Physicist, University of Bergen, Norway**

"Kristin did an amazing job. She did everything I asked and more and [gave] some great personal feedback. I would recommend her to everyone."
— **Educational Scientist, University of Amsterdam, Netherlands**

"Highly recommend Kristin to edit medical-related work."
— **PhD Student, Medical Genetics, University of Birmingham, UK**

"I want to express my deep gratitude for the care and thought you put into editing my doctoral proposal. Your feedback was supportive, corrective, and incredibly helpful."
— **Professor, Nursing, Collin County Community College, Texas, USA**

"Excellent."
— **Oncology Surgeon, Hospital Pablo Tobon Uribe, Colombia**

"Kristin [gave] comprehensive feedback on my thesis draft. I definitely will [ask] for her help next time I need [an editor]."
— **Scientist, Institute of Molecular Biology, Germany**
